

NYWUSER GUIDE

START UP PROCEDURE

-

and the Part of

Turn on surge protector (#1)

Open the computer door.

Press and **QUICKLY RELEASE** the top of the power button.

Wait for the green light on the back of the computer to come on and then close the computer door.

YOU WILL NEVER HAVE TO OPEN THIS DOOR TO PRESS THE POWER BUTTON AGAIN!

Press the **GREEN** Motion Button(#3) if you want motion.

Stand back while the sim runs its motion test.

SHUT DOWN PROCEDURE

-

and the Radia Sol

E. F.

Record the HOBBS.

Press END on the panel or iPad.

Exit the sim.

Press the **RED** Motion Button(#3) if motion was on.

NAVIGATOR SPRINGROAR

💄 🔅

Touch the HOME icon to return to the NAVIGATOR SPRINGBOARD.

Select SIM MANAGEMENT.

(You can also see HOBBS time in SIM MANAGEMENT. See next slide.)

Select SHUT DOWN at the bottom of the page. (You may have to scroll to the bottom.)

If the sim is doing an update (shown on the screen), you MUST wait for it to finish before continuing.

DON'T DO ANYTHING BEFORE VIEWING THE NEXT SLIDE!
